PETITION TO THE HOUSE OF COMMONS IN PARLIAMENT ASSEMBLED

We, the undersigned citizens of Canada, draw the attention of the House to the following:
That in the **Matter of John Graham**:

- The United States of America did not act in good faith when they requested the extradition of John Graham for the murder of Anna Mae Aquash, which was committed in the State of South Dakota over 35 years ago.
- Graham has no prior convictions and yet was extradited based on hearsay evidence alone to the United States.
- The United States Government was aware since 1998 that federal prosecution of the Aquash case *may be seen as a cover-up to hide the role of the FBI in Aquash's death*.
- According to International Law and the Principle of Specialty, John Graham should have been returned to Canada after the US Federal government dropped its charge against him and because he was *found not guilty* of the murder of Aquash.

Therefore, your petitioners pray that the Government of Canada make a formal request to the United States Government for:

- The immediate release and return of John Graham to Canada.
- A Congressional investigation into the FBI handling of the murder investigation of the Canadian Indian Anna Mae Aquash.
- The amendment to the Extradition Treaty between Canada and the United States to protect the rights of Canadian Citizens from extraditions based on hearsay evidence alone.
